DETAILED ACTION

Allowable Subject Matter

Claims 1-31 and 33-52 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, nowhere in the prior is found a lighting device having a first end and second end, a translucent region substantially intermediate of the first and second end, a linear light source is located the center of the housing having reflective member having an axis substantially less than the length of the linear light source and directing the light from the light source towards the translucent region.

Claims 2-23, 47, 48 and 51-52 are allowed because of its dependency upon claim 1.

Regarding claim 24, nowhere in the prior is found a lighting device having a first end and second end, a translucent region substantially intermediate of the first and second end surrounding a linear light source, a reflective member having an axis substantially less than the length of the linear light source, the reflective member having a conical shape and directing the light from the light source towards the translucent region.

Claims 25-29, 31, 33-46, 49 and 50 are allowed because of its dependency upon claim 24.

Regarding claim 30 nowhere in the prior art is found a lighting device having a linear light source having a first end, second end, a translucent region position substantially intermediate the first and second ends surrounding a portion of the linear

light source, means for directing the light emitted from the light source towards the translucent region and the means for directing the light being that of a reflector having at least three polygonal sides.

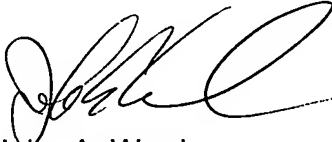

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
